### **DETAILED ACTION**

1. This Office Action is responsive to the Amendment filed 4 November 2008. Claims 1-5, 7-15 and 17-20 are now pending. The Examiner acknowledges the amendments to claims 1, 4, 11, 14 and 20.

#### ***Allowable Subject Matter***

2. Claims 1-5, 7-15 and 17-20 are allowable over the prior art of record. The following is an examiner's statement of reasons for allowance: regarding claims 1-5 and 7-10, the prior art of record does not teach or fairly suggest a method for soothing or calming a child as disclosed by Applicant, wherein the toy receives a second signal caused by a second at least one external triggering event. While the prior art teaches one external triggering event (amount of light), it does not teach a second external triggering event since the light is the only event detected by the toy.

Regarding claims 11-15 and 17-19, the prior art of record does not teach or fairly suggest a system embodied in a toy for soothing or calming a child as disclosed by Applicant wherein the first playback operating mode is changed to a second playback operating mode determined by a processing circuit from a plurality of operating modes based on a received second signal caused by a second at least one external triggering event. While the prior art teaches one external triggering event (amount of light), it does not teach a second external triggering event since the light is the only event detected by the toy.

Regarding claim 20, the prior art of record does not teach or fairly suggest a system embodied in a toy for soothing or calming a child as disclosed by Applicant

wherein each of a plurality of playback operating modes is associated with a different one of a plurality of switch settings.

### ***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
